## Offering More Training Opportunities for Resident Owned Communities

A great group of ROC residents representing Morning Star, Green Acres, and Country Court all in the Kalispell area; Hideaway in Columbia Falls, and Libby Creek in Libby attended the second of a 3-part training series being offered in Kalispell.

NeighborWorks Montana is working hard to bring relevant and requested training locally to the residents of Resident Owned Communities (ROC) around the state. With a focus on more local training, we hope it will be more convenient for residents to engage with one another and receive valuable training.

With this in mind, we started by offering a three-part series for ROCs in the Flathead Valley area with topics including Cooperative Boards, Fair Housing, Understanding Financial Statements and Treasurer's Reports, and Communication, Conflict & Community. The second session of the series took place in Kalispell earlier this month. Thank you to Tracy McIntyre of **Montana Cooperative Development Center** and Pam Bean of **Montana Fair Housing** for their wonderful presentations and engagement in this training!

A similar training series will begin in Great Falls next month.
