

News & Updates June 2021

NeighborWorks Montana will be closed Monday, July 5, in observation of the 4th of July Day holiday.

NWMT's Newest Team Member

Please help us welcome Matt Bronson to the NWMT team! Matt will be serving as our Housing Network Specialist, working with housing counselors and educators across the state, as well as hopeful homeowners.

Matt was born and raised in Great Falls, and joins NWMT staff in our Great Falls office. We are excited to have him on the team!

NEIGHBORWORKS WEEK WRAP UP

- [Gulf Coast Housing Partnership](#), New Orleans, LA

The 38th annual NeighborWorks Week was held June 5-12, uniting NeighborWorks network organizations across the nation in celebration of our local communities. This annual event also highlights the deep commitment all of our organizations have to creating opportunities for people to live in homes they can afford, improve their lives, and strengthen their communities.

As part of the celebration, NeighborWorks America offers grants for participating organizations. NeighborWorks Montana chose to dedicate the grant to a project at Pleasant Park Resident Owned Community (ROC) that will help aid their community communication with the addition of a weather-proof message center. Pleasant Park is one of the newest ROCs in Montana, having become resident owned in September 2020. The addition of this message center will be a valuable resource for community engagement!

In addition to the many unique events held during the week, the NeighborWorks America network also welcomed eight new affiliates bringing the network to 247 organizations! You can learn more about the newest organizations by clicking their names above.
