SUPPORT YOUR LOCAL FOOD BANK

Find the food bank in your area by scanning this QR code or visit mfnb.org

September 2nd is **#NationalFoodBankDay** and we are taking this opportunity to remind you that when you support your local food bank, you make a difference in your community!

The need for support is always great with our food banks, but with the current economy, the need is immense. We at NeighborWorks Montana encourage you to take action whether you donate food yourself or organize a neighborhood drive.

Many food banks have websites and/or Facebook pages, but if you aren't sure how to connect with your local food bank you can usually find them through a Google search. Many local banks are also part of the Montana Food Bank Network, so you can visit <https://mfnb.org/partner-agencies/> to find contact information. The Montana Food Bank Network is another great way to support local food banks, so be sure to check out their entire website for ways to give and their latest news.

Strong Montana communities depend on all of us doing our part when we are able!
