

NEWS & UPDATES

The Conference is Two Weeks Away!

The virtual housing conference will be held June 14th-15th and offers two days of great content, including these great plenary sessions.

To open this year's Montana Housing Partnership Conference, we will hear from a panel discussing the state's role in housing affordability.

Joining us will be:

- Kevin Gartland, Whitefish Chamber of Commerce
- Rep. Dave Fern (D)
- Rep. Tom Welch (R)
- Kelly Lynch, Montana League of Cities and Towns

Starting our day on Wednesday, we welcome filmmaker, Sara Terry, who will be sharing her film, *The Carlyle Group vs The American Dream*. Sara will talk with us about the film and what happens to residents once private equity becomes the landlord.

For the closing plenary we are thrilled to welcome Dr. Megan Sandel for a keynote talk about how stable, decent, affordable homes are a foundation of health for children, families, and communities.

Megan Sandel, MD MPH, is Co-Director of the GROW clinic at Boston Medical Center, Co-Lead Principal Investigator with Children's HealthWatch and Associate Professor of Pediatrics at Boston University Schools of Medicine and Public Health. She is also nationally recognized as an expert on housing and child health.
